State Policy Changes: Net Metering

Net Metering 101
Your excess electricity is fully credited at retail value when sent to distribution grid. Credits from July help cover December.

Effective July 1, 2017, Indiana, SEA 309/PL 274
Who is impacted by this state policy change?

Investor Owned Utilities
(NIPSCO, I&M Power/AEP, Duke, Vectren)

**Impacted.**
Long-term financial benefits best if installed and interconnected before 12/31/17.

*Note: If installed in 2018 or 2019, payback period likely unaffected.*

**Not Impacted. Life as usual.**

Off-Grid Systems

On-Grid Solar with no excess to export

Municipal/Rural Utilities

Feed-In Tariff Systems*

*Existing Feed-In Tariff systems will not be grandparented into net metering after the 15 year contract ends*
Don’t Delay: Submit Interconnection Apps Before Oct 19th
